

POSITION: HULL MANAGER/SHIP SYSTEM SUBJECT MATTER EXPERT (SME)

(PLEASE SEND RESUMES TO JOBS@MSCORP.NET)

Location: San Diego, CA

Job Status: Full-time

Job Summary:

The Hull Manager/Ship SME will:

- Perform Hull, Mechanical and Electrical (HM&E) engineering, design, and technical support to the Littoral Combat Class Sustainment Program.
- Review design drawings, changes, ship specifications, CDRLs, and verify that planned equipment installations and drawings are in accordance with contract requirements.
- Review items for technical accuracy, developing technical solutions to hull unique and class issues in coordination with SEA05 and relevant ISEAs.
- Perform technical assessments, evaluating, and advising the government on equipment and system problems.
- Liaison with PMS 505 and other PEO LCS offices, LCSRON and Type Commander Staffs, Planning Yard, and Regional Maintenance Centers in support of ship maintenance availabilities and modernization upgrades.
- Track and monitor the planning and accomplishment status of work packages to ensure the Joint Fleet Maintenance Manual (JFMM) requirements for maintenance availability planning milestones are met.
- Monitor CASREPs, Departure from Specifications (DFS), and Liaison Action Requests.
- Participate in Availability Planning Conferences, Configuration Control Boards, Risk Boards, Failure Review Boards and Safety Working Groups.
- Provide recommendations to government staff on maintenance availability and modernization priorities.
- Perform other duties as assigned.
